A bi-monthly Newsletter

Produced by

The Village Hall Management Committee

The village hall extension is progressing and when one or two problems are resolved, the "skeleton" will be ready to take on a more completed look in the coming weeks.

Our indebtedness to South Norfolk District Council for their excellent grant and help, and that of our Parish Council will be recognised by a formal opening. At a later date an "entertainment evening" is planned to mark completion, when it is hoped our good friend Keith Skipper, of Radio Norfolk will be with us. More details in due course, but the Management Committee and Social Club committee hope that "the village will turn out" - have a look and join in. Membership of the Social Club is only £1.00 per year and I believe we shall have one of the best halls in Norfolk.

Home Watch Scheme - a word of thanks to our Chief Co-ordinator, Mr Ian MacRae for introducing this, and to the Parish Council who put up the warning signs.

P.J. Wilkinson (Chairman).

## HOMEWATCH

The Wreningham Home Watch Scheme is now in full operation and if you have not already received your membership book you will soon do so.

The Scheme is all about looking after each others houses and property, so please be aware of strangers and make, preferably a written note, of what you have seen.

Now with the summer holidays arriving, as you are all part of the scheme do not be shy about telling your neighbours that you are going on holiday, leaving your contact telephone number with them and the keys to your property if you should wish.

Don't forget that you now qualify for the discount off your household insurance premium at renewal, if the Company offers it. Should you need any help or have any problems, please do not hesitate to contact me.

EAST ANGLIAN HEALTHLINK

Health services and our own health needs are constantly changing. Healthlink is a new service, set up in April 1992 as part of the Patient's Charter, to be a point of contact for the public of East Anglia.

We can provide information on local and regional health services including where specialist treatments are based. We can help to find the shortest waiting times, and give information on conditions, diseases and treatments. We can also tell you about local and national self-help groups, give health promotion information and advise on how to complain if things go wrong in the NHS. Our services are provided in the strictest confidence.

If you have a query or want to know more, telephone Sue or Catherine on 0345 678 333 (which is a local call charge), between 10 a.m. and 4 p.m. Monday to Friday. Answer-phone available at other times. Alternatively you can write or drop in at East Anglian Regional Authority HQ., Union Lane, Chesterton, Cambridge.

Now that spring is on the way and you are all starting cleaning how about these tips.

Windows - Old newspapers, slightly dampened is great for cleaning windows. Use dry newspapers for the final polish.

Copper - A slice of lemon dipped in salt brings copper up as bright as new.

Furniture - To remove old wax and dirt from wood furniture use a mixture of vinegar and warm water.

Drawers - Rub a candle along the bottom of the draw to avoid it sticking or squeaking.

Refrigerator - Use a teaspoonful of bicarbonate of soda in warm water to wash out your refrigerator. It will get rid of that musty smell.

Spring*
