

## **Home Watch**

Nationally this is organised by the Neighbourhood & Home Watch Network, based in Leicester; locally the Norfolk Home Watch Association (NHWA) is making efforts to re-energise the membership encouraging people to join on the Internet at [www.ourwatch.org.uk](http://www.ourwatch.org.uk) or telephone 0116 229 3118. There is no longer support from the Constabulary.

The Wreningham Home Watch scheme survives by the skin of it's teeth with members in each of our main streets, though Ashwellthorpe Road and Wymondham Road each require a coordinator. The group has met but once this past year and I have tried to represent Wreningham at four NHWA meetings which try hard to move forward but struggle with nil support from the Constabulary - budgetary constraints being blamed.

Wreningham Home Watch is presented on the village website and is a valuable feature of village life. The scheme is not overrun with helpers unfortunately and I feel now is the time for me to resign as organiser whilst being content to continue oversight of Church Road.
