GIVE AND TAKE REUSE EVENT

Come to our Give and Take event and reuse/recycle your unwanted items, or come along and take something away for free!

Our next Give and Take event:

When:	Monday 7 December 2015
What time:	Items can be dropped off between 8am and 3pm
	Items can be taken away between 11am and 4pm
Where:	Lincoln Hall, The Fairland, Hingham, NR9 4HN

Turn over to see the full list of items that you can bring along or that may be available to take away from our next event.

South Norfolk COUNCIL

Working with you, working for you

GIVE AND TAKE
REUSE EVENT

What can I bring along?

Furniture: bring along any furniture in good condition and, if upholstered, with a fire label still attached. Items not reused locally will be donated to the Crack-on Foundation charity.

Electrical items: bring along any unwanted small household items such as kettles, vacuum cleaner, TV's etc. (see website for full list). All items will be PAT safety tested before being placed out for reuse. Items not resused locally will be donated to the Crack-on Foundation charity.

Bicycles: any bicycles or bicycle parts will be donated to the Crack-on Foundation charity for refurbishment and reuse.

Textiles: bring along your unwanted clothing and textiles. Any items not reused locally will be donated to the Salvation Army. We cannot accept pillows, duvets or carpets.

Knitting: we are collecting wool, knitting needles, crochet needs and embroidery thread for Norfolk Knitters who make items for charity. For information visit www.norfolkknitters.org.uk

Books: we will reuse all books in good reusable condition.

String Instruments: we are collecting on behalf of a school charity looking for stringed musical instruments in a good condition such as violins and guitars.

Things you need to know.

The event is for materials from households, not businesses. If your items can fit in a family car, then we can take them. We cannot accept fridges/freezers or fluorescent tubes. A limited number of items can be taken away per person. All electrical items are safety tested before they are available to be re-homed. All money donated for reuse items will be given to the Chairman's charities: Alzheimer's Research UK and Nelson's Journey.

Visit www.south-norfolk.gov.uk/recycle for further details.
