Report to the Annual Parish Meeting 10<sup>th</sup> May 2016

Last Wednesday Coffee Morning

It was Irene Moore in 2011 who suggested a monthly Coffee Morning at the village hall and she and a band of helpers ran this on the last Wednesday of the month until she moved away in September 2015. I agreed to take on the co-ordinating of this event in the interim and along with some of the past helpers I have run the last 8 coffee mornings.

We normally see about 15/20 people, and not always the same ones. We probably have 30plus people whom we call our regulars. I understand that some of them only come for the “bacon butty”. Some of the regulars have lived in the village for many years but this event is proving a way for new people coming into the village to meet and get to know other people and what is available in and around the area.
